

Dura Spatter Guard

Anti-spatter Liquid and Silicone Spray

ESAB's Dura Spatter Guard anti-spatter products help improve productivity by reducing cleaning and re-work due to spatter on welded surfaces. The superior design of the products with optimized propellant content increases its effectiveness.

Dura Spatter Guard liquid with its water based and silicone free design allows painting on welded surfaces without the need for any special post-weld cleaning. Its bio-degradable design makes it an environmentally friendly product.

- Superior cleaning with high concentration release agent
- Paintable surface with Liquid
- Bio-degradable Liquid
- Non-flammable Liquid for limitation-free transportation, handling and storage
- Compatible for use on plates as well as nozzles
